They received no more consideration than if they had been a party of commercial travelers, or ordinary "rubbernecks," instead of a dignimakers. As one of them put it, they were treated about as a member of the House is treated when he goes over to the Senate side of the Capitol. No one extended them a formal welcome or paid any particular attention to them.

Commonly spoken of as Speaker Cannon's party, as a matter of fact it was the party of Representative McKinley, of Illinois. The Speaker and all those who made the trip were the personal guests of Mr. McKinley. He is a very mild-man-nered and good-natured man, but there is reason to believe that eyen he was not enthusiastic over the reception which the canal officials on the isthmus accorded to

The Congressmen fort and a good time—but they did an-ticipate some attention from those hold-the White House, too late, however, to Their troubles began when they were held in quarantine. This cut short the time allotted for inspection of the canal work. When finally they got ashore they prepare for the banquet which was sched found no one but the gaping Panamans uled at 8:13. When Cannon Was a Boy.

"When I was a boy," he said, "we used to go coon hunting at night with our dogs. Each fellow had his dog and each one was ready to swear by his dog, In the main, they were pretty good flogs, too, but once in a while they weren't so good. Instead of following the trail of the coon straight to the tree where the old fellow was lodged, these no-good dogs would branch off on a hunt for a rabbit, a polecat, or some other critter we didn't want. We used to call these dogs sooners.' Now, the country is quiet just sooners.' Now, the country

would branch off on a hunt for a rabbit, a polecat, or some other critter we didn't want. We used to call those dogs 'sooners.' Now, the country is quiet just now. Congress doesn't meet until next. December. Then it will meet, organize, and get down to business. All I can say to you boys is the I'm no sooner.'

The Speaker said that he was not aware of the fact that the President had selected a man for his successor in the White House. "He has not told me that he had any choice for the nomination,' said the Speaker." But, no matter who the next President is, 4 think that I'll be able to get along with president is, 4 think that I'll be able to get along with president may have no doubt in the world that I'll be able to keep friends that the man that follows President Roosevelt into the White House."

The Congressmen occupied a car by themselves on the way across the istimus from Colon to Panama, and went without a chaperon. On the way over, Mr. Cannon wandered through the train and accidentally found Engineer Stevens, who was also a passenger, although the others in the party did not know it. The canal digger talked with Uncle Joe informally for a few minutes, and then the conductor yelled "All out for Culebra Cut." Mr. Stevens is said to have jumped up unceremoniously and said: "Well, good day; here's where I leave you," without asking to meet the other members of the party or expressing any concern for them.

When they arrived at Panama they found the same absence of any arrangements for their entertainment, and accordingly they all took lunch at the railroad station and paid the full price for their food.

In Bad Humor at Havana.

They were in bad bumor over the Panama Incidents when they reached Cuba, but under the sophing influence of Gov. Magoon, who is a professional pacifier, they cooled down somewhat.

After leaving Havana, there was a general agreement that they should say nothing about the treatment accorded them on the isthmus, and that they should simply report upon the great work which is being properly done. # Great Piano Sale!!

## The New W. F. Frederick Music Co. Buys the Whole Stock of Pfeiffer's Piano House, 1328 F Street, Cuts the Prices "to the Quick," and Opens the Ball.

This whole stock of exquisite pianos—and everybody in Washington knows the class of pianos handled by Pfeiffer-must be gotten out of this place immediately. This corporation will not mince matters; the pianos MUST GO, no matter what they sell for, to make way for the new stock.

Everybody in Washington knows what a large stock of the world famous Chickering pianos are included in Pfeiffer's stock; of the old favorite Haines Bros., the Price & Teeple. Everybody knows of the celebrated Hardman pianos and the Fischer pianos; these are here also. Lots of others; some very slightly shopworn; some slightly used; some second hand, but most all brand-new.

## All Must Go and Must Go Immediately.

Prices down to zero. Your dollar will have double value; just like spending both sides of it.

## Player Pianos Among the Lot.

Magnificent specimens of the wonderful new interior player pianos. Instruments selling at \$700, \$800, \$900, \$1,000,

Now \$395, and slightly higher.

Sale Opens Tuesday Morning at 9 o'Clock.

#### NEWEST PIANO MERGER.

One of the Largest Corporations to Enter Washington Business,

In the nature of a Greater Washington result, comes the news that the big W. F Frederick piano corporation, with branches in a dozen different cities, and its constituent company covering a numb

stituent company covering a number of other cities, has come to Washington and secured an opening here.

Following the boom that was given Washington through the Greater Washington movement, the importance of this city as a large distributing point attracted the attention of the Frederick corporation, and steps were taken in a quiet way to look for the opening. D. G. Pfeiffer, the progressive F street dealer, seems to have been in favor from the start, but it was not until the full importance of the proposition was made clear that he entertained it at all. tained it at all.

It can be stated upon proper authority now that the deal has been consummated under the terms of which the W. F Frederick Music Company acquired the plano business of Mr. Pfeiffer's, that the latter has been selected as vice president of the large corporation itself, and will re-main as local manager of the Washing-

of the large corporation itself, and will remain as local manager of the Washington branch.

The W. F. Frederick Music Company, together with its constituent company, the W. F. Frederick Piano Company, own and operate retail warerooms in Altoona, Uniontown, Pittsburg, McKeesport, Charlerol, Johnstown, Williamsport, and several other points in Pennsylvania, as well as Cumberland and Hagerstown, in Maryland. In addition to these cities, the corporation practically finances the affairs of perhaps a dozen piano firms in still other cities.

The volume of piano trade thus handled is enormous, and is claimed by many to constitute the largest strictly retail piano business done by one house in America, if not in the world. Mr. Pfeiffer's plans for the development of his territory, so far as they have been gone over, contemplate an extensive campaign, as he calls it, over a rather wide field, extending into the adjoining States to the south of Washington.
